### Unmatched returns in low to medium rainfall environments assist risk management

The earliest maturity Y Series® hybrid with Clearfield® technology displays exceptional adaptability and yield for maturity. This hybrid demonstrates robust yields under stress, assisting in risk management in low to medium rainfall environments. Exceptional early growth delivers effective weed control results through superior crop competition and early canopy closure.

### Key Features

- This Y Series® hybrid demonstrates reliable returns through the combination of very high yield potential, consistency and added economic benefit of very high oil content
- Early maturity (3), displays early flowering habit, ideally suited in low to medium rainfall growing zones
- Shorter stature, exceptional standability & shatter tolerance provide conducive conditions for direct heading and aid ease of management in high-yielding crops.
- Delivers exceptional early growth resulting in superior crop competition and early canopy closure which enhances weed control and reduces weed seed-set
