CORN TECHNICAL FACT SHEET

P1837

CRM 118 | Full Season | Silage and feed grain

High yielding 118 CRM processing, feed or silage hybrid with outstanding quality.

P1837 is an Australian bred high yielding processing, feed grain or silage hybrid. In our national STRIKE testing program P1837 has shown excellent grain yield being 5.6% higher than P1756. Ideally suited to the Australian processing market.

Best uses: Silage and feed grain

Key Features

- P1837 has a very wide area of adaptability being able to be grown from Southern NSW to Northern Australia
- Delivers exceptional grain yield in all production regions
- Exceptional defensive package in this hybrid with excellent scores for Northern Leaf Blight and Fusarium
