

PIONEER® BRAND G33

HIGH YIELD FOR QUICKER MATURITY

G33 IS PIONEER'S LEADING SORGHUM HYBRID WITH EXCELLENT YIELD RESULTS, MAKING IT ONE OF THE LEADING COMMERCIAL GRAIN SORGHUM HYBRIDS IN AUSTRALIA.

A shorter hybrid with very good stalk strength means G33 has excellent standability, especially when under stress. G33 has quick harvest dry down and excellent early spring vigour which makes it a great option for an early or late planting. Good-sized red grain on a semi-open head type.

KEY FEATURES

- Suitable for all growing districts dryland and irrigation
- A good option for cool starts
- Mid/quick flowering with excellent yield for maturity
- Very good grain size
- Red grain colour
- Short plant stature with a semi-open head type

Head exertion	6
Height uniformity	8.5
Stalk lodging charcoal*	8.5
Stalk lodging drought*	8
Midge resistance	6
Harvest grain dry down	7
Tillering	6.5 (moderate)
Grain size	7
Early spring plant vigour	7
Pollen score	8

RATING: 1 = poor 9 = excellent

* Lodging results averaged from a minimum of the last six consecutive years of results.

"All three sorghum products now offered by Pioneer are very different from each other, enabling growers to spread their risk across three different genetic types - we've got three high performing products that are very reliable for growers."
