Corn – Technical fact sheet

P9978

**Very productive. Very stable.
Very defensive.**

P9978 sets the new standard for sub-100 CRM performance in silage yield.

- A moderately tall plant with low ear placement, strong roots strength, superior drought tolerance, staygreen and Northern Leaf Blight resistance
- Delivers exceptional silage yields, in this maturity, with excellent feed quality
- Key maturity for maximising silage yield across a broad range of environments

All growers will reap the rewards of excellent defensive traits, standability and reliability of yield across seasons. Replaces P9911 in the hybrid lineup.
