G33

Pioneer® brand Grain Sorghum performance information

Hybrid Name: G33

Quick – medium maturity grain sorghum

When the going gets tough.

- Superior standability and height
- Exceptional standability in drought conditions and when charcoal rot is present.
- Reliable grain size minimises screening losses.
- Solid midge rating and pollen quality to maximise grain set in all planting windows.

G33 is a proven hybrid to deliver when you need it most.
