P1729

Pioneer® brand Corn performance information

Tall all-rounder that won't disappoint.

Well-balanced, full-season hybrid that delivers consistent, reliable yields with excellent agronomics.

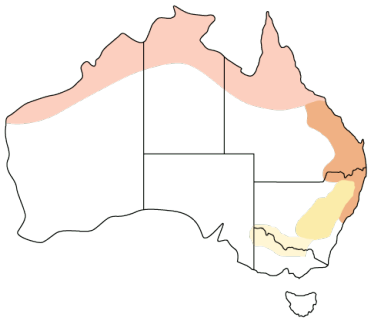

- Excellent drought tolerance and standability – foliar health drives top grain yields for its maturity.
- Top-end performance in grain markets from northern Victoria to northern QLD, NT & the Ord.
- Processing market grain quality gives the most grain marketing opportunities

Plant alongside **P1837** for processing markets.
