P15744 IT

Pioneer® brand Maize performance information

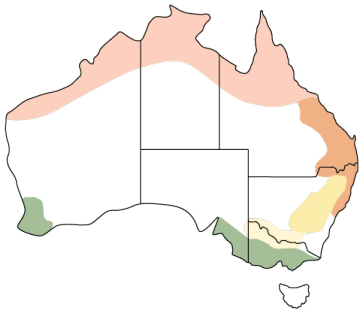

Compact hybrid with top end yield potential.

Excellent drought tolerance drives high performance in dryland and irrigated systems.

- Impressive silage yield for maturity across environments.
- High Northern Leaf Blight resistance with superior root and stalk strength.
- Sound husk cover protects the developing cob, and great late season plant health extends the silage harvest window and maximises silage quality.
- Imidazolinone herbicide tolerance provides options for in-crop grass weed control.

P15744 IT is an excellent mid-maturity option for grain and silage production.
