P7524

Pioneer® brand Maize performance information

Stands tall and delivers tonnes of high-energy feed.

Ultra quick maturity with flexibility for silage and grain.

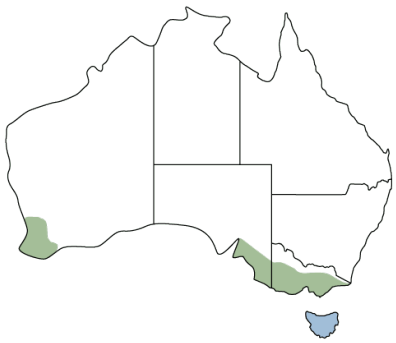

- Very tall plant with dependable root and stalk strength.
- Dependable late-season plant health and toughness in drought conditions.
- Delivers impressive yields of quality silage in the coolest maize growing regions.

An important earlier companion hybrid to **P8500** for growers seeking a quicker option for a shorter season, without compromising yield.

Plant and agronomic traits

Silage Yield for Maturity	9
Grain Yield for Maturity	9
Late Season Plant Health	7
Plant Height	8
